

LPS Staff Access to Translation/Interpretation Services

Through Lionbridge, LPS educators have access to free on-demand, as-needed telephonic interpretation in over 380 different languages and are strongly encouraged to make use of this service with families whose primary language is not English. It can be used during phone calls or conferenced into in-person meetings over speakerphone.

The [Short User Guide](#) includes what educators need to include to set up a conference call with an interpreter and family. The full-length [Lionbridge Guide](#) also includes those instructions, as well as tips for using interpretation, how to search for less frequently used languages, and the best way to provide Lionbridge with feedback.

For written communication, [DeepL](#) provides free, fast, high-quality translations.
